

ATS SUCCESS STORIES

TESTIMONIALS FROM THE WORLD'S LEADING FORTUNE 500 COMPANIES

ATS is world renowned for its innovative air and liquid cooling solutions, next generation thermal test instruments and thermal design and analysis services. The largest companies across the globe can attest that ATS solves the toughest thermal management challenges. ATS' expertise, experience and extensive portfolio of high performance cooling solutions ensure superior product performance, reliability and market success.

Alcatel-Lucent

"The clip-on solutions are the best on the market — it is God sent" - Alcatel-Lucent

"You are the only company whose thermal performance data matches what we test in the lab" - IBM

Dialogic

"The best thermal engineering I have seen in my career " - Dialogic Corporation

infinera®

"We would never use tape-on or epoxy for heat sink attachment — your clip-on solution is a game changer" - Infinera

"Your maxiFLOW™ heat sink is the best performing heat sink on the market" - Hewlett-Packard

"ATS is an industry-leader in developing cooling products which will enable our customers to accelerate the design and development of their specific applications" - Cavium Networks

SIEMENS

"Your products are enabling technology" - Siemens

"When I come to ATS and engage your engineers and see your facility, I feel I have come to Mini Bell Labs" - Celestica

**lemnis
lighting**

"ATS is a company with vast expertise in thermal management design and manufacturing. They understand the heat-related challenges presented by LEDs, as well as the cost and performance demands of the consumer marketplace." - Lemnis Lighting

"Your design capabilities and engineered solutions are unmatched in the industry" - Starent Corporation (now Cisco)
