HEAD PROTECTION FEATURES

OPTIMUS 11

- 8 point suspension system
- Locking system
- Front cooling ventilation

OPTIMUS 12

- 8 point suspension system
- Locking system
- Non-vented helmet

ADVANTAGE III

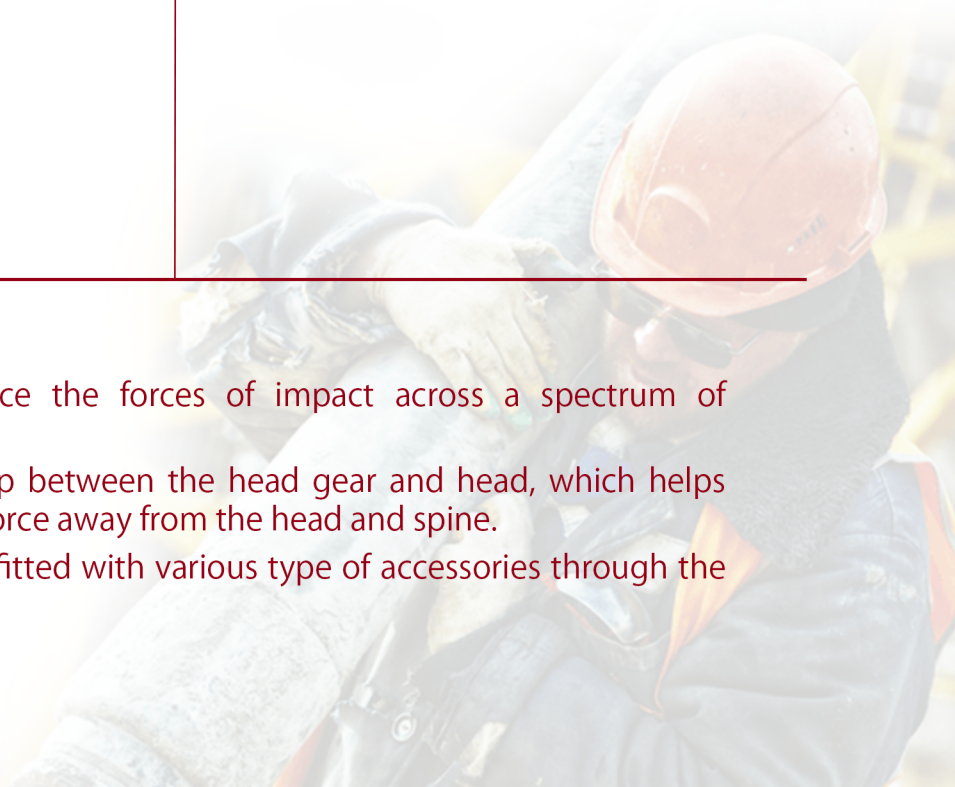

- 8 point suspension system
- Lightweight
- Locking system
- Non-vented helmet

① NOTE:

Shock Absorbing System: Reduce the forces of impact across a spectrum of impact severities.

Suspension System: Provide a gap between the head gear and head, which helps absorb shock and redirect impact force away from the head and spine.

Locking System: The shell can be fitted with various type of accessories through the lateral slots for different usage.

EAR PROTECTION

CERTIFIED BY:

JKKP/DOSH

SIRIM

DISPOSABLE EARPLUG (1 PAIR PER PACK)

Model : CTS-AG PHP-1

NRR: 31dB with SNR = 36dB

Size: min-max diameter 10-12mm

Weight = 0.555g/pc

- Made with soft foam PU, easy to insert correctly.
- Smooth surface enhances the wearing comfort.

RE-USABLE EARPLUG (1 PAIR PER PACK)

Model: CTS-AG PHP-2

NRR: 26 dB with SNR = 31dB

Size: min-max diameter 10-14mm

Weight = 1.5g/pc

- Make with TPR (thermo-plastic rubber) materia moulds to the ear canal.
- Improved shape for increased comfort and better attenuation performances.

EARMUFF

Model: CTS-AG PHP-1A

NRR: 26 dB with SNR = 33dB

Weight = (+-) 279.6g

- Comes with SuperSeal ear cushion, for great and long term comfort.
- Self-aligning suspension and easy adjustment.
- Dielectric construction, sophisticated design and durable materials.

HAND PROTECTION

CERTIFIED BY:

JKKP/DOSH

SIRIM

1st in Malaysia with SIRIM-DOSH Gloves Approval

The 1st in Malaysia with Sirim-Dosh Gloves Approval, they offer the assurance of protection and reliability on how hand protections should be. Not only the test-proven gloves are abrasion and tear resistance, but depending on each type, their features are customized based on different industry needs.

General Characteristics:

- Superior Grip
- Abrasion & tear resistance
- Reusable & Washable
- Comfortable & sweat absorbent
- More durable than conventional cotton & linen gloves
- Compliant to EN388 standard and SIRIM-DOSH certified

“A Firm Grip on Safety & Efficiency with Safety Gloves.”

SIRIM-DOSH CERTIFIED

CTS-GL-001 with Foamed NBR Palm coated offers a good abrasion & tear resistance.

CTS-GL-002 with Foamed Nitrile Palm coated that is versatile & tear resistance and high dexterity.

CTS-GL-003 with Rubber Latex Palm coated for stronger grip and enhance protection.
